

SAT/ACT Vocabulary Course Presented by:

the **Thinking Cap** corporation

- **No more flash cards:** This internet-based program will help tell you which words to focus on while having some fun at the same time.
- **Learn from context:** “The VocabSushi philosophy believes you can learn the meanings of words faster, more accurately and more efficiently by reading through sentences rather than just trying to memorize definitions.” - VocabSushi.com
- **Assignments and Quizzes:** Thinking Cap tutors will put together weekly assignments and quizzes to test progress and provide focus. We will put together lessons that help you learn the meanings of roots and suffixes. This will help you derive the meanings of words you have never even seen before.
- **Reference Tools and Word Profiles:** Study dictionary definitions, listen to pronunciation, read sample sentences and mark the words you have learned.
- **Monitor Your Progress:** Keep track of your word level and progress while maintaining lists of words you have successfully learned and those you still need some work on.
- **Play Games:** Learn by accident with Sentence Completion and Definition Matching games.
- **Study When You Want:** Internet-based format allows you to turn in assignments and take quizzes when it best fits your schedule.
- **How Does it Work?** Fill out the sign-up form available at [www.thinkingcapcorp.com](http://www.thinkingcapcorp.com) and we will mail you a user name, password, and a welcome packet. We will always be available by phone (484.899.8003) to help with any questions, technical issues, or to take you through a quick tutorial.
- **Cost:** A 6-month subscription is only \$50 and a 12-month subscription is \$80.

What VocabSushi  
can do for you:

- SAT® Vocab  
without the  
flashcards
- Customized  
word list
